World Awaits News of Trio's Safe Arrival In Canada

By International News Service
Unless some mishap has occurred, three intrepid fliers, two men and a woman, today were winging their way across the Atlantic Ocean in the Fokker monoplane St. Raphael, in a new attempt to bridge Europe and America by air.

The fliers are Captain Leslie Hamilton and Lieut. Col. F. F. Minchin of the British Royal Air Force, and the Princess Lowenstein-Wertheim, 62-year-old noblewoman and enthusiastic aviatrix.

Although up until five o'clock this morning no word had been heard, either in Europe or America, of the plane since it passed over Inverin, on the western coast of Ireland at noon yesterday, it was believed the plane was approaching Newfoundland, and should pass over the Newfoundland coast about 7 o'clock this morning, New York daylight saving time.

Assuming that good fortune is with the fliers, they should now have bridged three-quarters of the distance between Upavon, Wiltshire, England, which they left early yesterday morning on one of the strangest aerial adventures ever attempted, and Ottawa, Canada.

If the St. Raphael maintains the speed of eighty miles an hour it made while its course was still traceable over England and Ireland, the fliers should reach Newfoundland after twenty-nine hours in the air. As the plane carried enough gasoline for forty hours of flying, this would leave nine hours of flying time, more than sufficient to carry the remaining 650 miles to Ottawa.

According to the latest reports available, the weather over the 1,900 miles of sea the fliers had to traverse has been generally favorable. No severe storms have been reported, but it is believed that head winds prevail over the latter portion of the route. Over Newfoundland and Labrador, unsettled weather conditions are forecast, with northern and westerly winds and a dense fog.

The entire world today waited for some definite word of the daring fliers. The venture, made doubly dramatic by the brave action of the princess in accompanying the fliers on the journey, has aroused tremendous interest, and world-wide hope was expressed that the undertaking would be crowned with success.

LONDON, Sept. 1 (I.N.S.)—Lieut. R. R. Bentley hopped off from the Hendon Airdrome at 19:25 o'clock this morning on a solo flight to Cape Town. Lieut. Bentley plans to follow the trail blazed by Sir Alan Cobham, and hoped to make the flight in fourteen days. The venture is the first solo flight ever attempted from England to South Africa.

The trip is being made in a De Havilland Moth plane which Lieut. Bentley christened "Doris," his fiancée's name.

CONSTANTINOPLE, Sept. 1 (I.N.S.)—With 4,040 miles of their round-the-world flight completed, Edward F. Schlee and William S. Brock were to hop off from here today for Aleppo, Syria, a distance of 590 miles.

Ephraim Steinberg
Is Host To His Friends

Ephraim Steinberg, son of Mr. and Mrs. Jacob Steinberg, of Mill street, was host to a number of his little friends at his home on Monday, in honor of his seventh birthday anniversary.

The boys and girls gathered together at four o'clock and they had a good time playing various games, dancing and singing. Then they were invited to the dining room, which was prettily decorated with Japanese jack-o-lanterns. A large birthday cake containing seven candles was placed in the center of the table and the children enjoyed a lot of good things to eat.

After playing a few more games the guests departed for their homes, tired but happy.

Those present were: Lillian Rubin, Charlotte Straus, Sylvia Singer, Mary Schiffer, Anna Corn, Hilda Steinberg, Hyman Smith, Carl Rubin, Samuel and Hillard Grossman, Sidney Popkin, Paul and Walter Straus, Flutski Schiffer, Albert and Sidney Hess, Joe LaPolla, Albert and Vincent Profy, Oscar and Herman Corn, Horace Johnson, Michel Specter, John Cordas, Sam Sirot, Lupkin brothers.

Ephraim received many birthday gifts.

Quick Action of Strobel
Prevents Spread of Flames

Quick action on the part of William Strobel, proprietor of Cottage Garage, Market street, saved the residence of Helen Johns, Market and Cedar streets, from destruction yesterday afternoon at about five o'clock, when a blaze broke out in the kitchen of the Johns home.

Helen Johns, it seems, was called out while preparing the evening meal. The oil stove was burning and during her absence burst into flames setting fire to the house.

Mrs. John Black, who resides across the street, noticed the clouds of smoke and called Strobel. He promptly sent in the fire alarm and at the same time ran to the Johns house. He saw the situation and returning to his garage procured a fire extinguisher and put out the blaze.

ODD FELLOWS' LODGES
MERGE IN COUNTY SEAT

Rivalry Between Organizations Ends After Many Years

MEMBERSHIPS WERE BIG

DOYLESTOWN, Sept. 1.—With the approval of the Grand Lodge of Pennsylvania Odd Fellows, the two Odd Fellows lodges in this borough, Aquetong No. 193, and Doylestown No. 94, will operate as one lodge in the future.

For the past eighty-three years, or since March 30, 1844, to be exact, Doylestown Lodge No. 94 has existed. Aquetong Lodge No. 193 was chartered on July 8, 1846, and has been in existence ever since, or eighty-one years. They are among the oldest Odd Fellows lodges in Pennsylvania.

During that period of time keen rivalry at times has been enjoyed by both organizations. Large memberships that brought both near the top as leaders in the state were carried by the local lodges.

With the institution of the Doylestown Lodge No. 94 in 1844, the third lodge of Odd Fellows in Bucks county came into existence. Two years afterwards Aquetong Lodge was organized by a few of the members who broke away from No. 94. The older lodge continued the stronger until 1872, when Aquetong forged ahead through the fact that it had several members who stood high in the councils of the order in the state. This enabled them to draw in a great number of members.

No. 94 was organized by five or six men and for many years led all the lodges in Bucks County. The organization was effected in the jury room of the old court house, and that night a host of men were invited. The meetings were held in the old academy building.

After Aquetong's organization was effected there are still 127 members in No. 94. J. Freeman Hendricks, of Doylestown, active in No. 94, recalls among other things about early history of the lodge, an oyster supper served over sixty years ago at \$1.50 a plate.

At the present time plans are being made for some sort of celebration to mark the consolidation of the two lodges. At the weekly meeting of Aquetong, Tuesday night, the approval of the consolidation was announced, but no definite plans for a celebration were made. In the future the organization will continue to use the name of Aquetong No. 193. The consolidation brings the membership of the lodge to approximately 375.

Starting back in 1901 the Aquetong Lodge had a very famous degree team that made visits in numerous places and brought home many honors from national competitions. In 1906 the degree staff of Aquetong went to Toronto to engage in competition for the prizes for the exemption of the work in the first and third degrees, and they returned with second prize in the third degree, winning a total of \$150.

Aquetong Lodge not only owns Loneape building, this borough's largest building, but several years ago erected and now owns the Strand Theatre Building, on East State street.

The election of officers of Aquetong will take place in September when the two lodges meet as a consolidated unit. The officers of No. 94 cease to function with the consolidation of the two lodges.

There was a third Odd Fellows lodge in Doylestown. After Aquetong's organization was effected, St. Tammany was organized in 1847, but did not remain in existence for a long time.

On Sunday, the Misses Bessie Chambers, of Market street; Mildred Phipps, of North Radcliffe street; Mr. Thomas Pucio, of Wood street, and William Brady, of Corson street, motored to Seaside, N. J., and spent the day.

The Misses Winifred and Helen McIlvaine, of 921 Garden street, have returned to their home from a three weeks' visit to relatives in Providence, Rhode Island.

Mrs. Harry Hinman and son, Harry, Jr., of 665 New Buckley street, were Sunday guests of relatives in Philadelphia.

Mr. and Mrs. Daniel Gotwal, of 187 McKinley street, have had as guests for the past two months, Mrs. J. McDerry and son, Joseph, of Princeton, Indiana.

American Legion and Council
Endorse Suggestion of Burgess
To Pay Respect To the Deceased
Ex-Service Men Buried in France

Borough Council Appropriates \$100 and Legion Men Will Carry American Soil to France in Miniature Mahogany Caskets — Two Men Named to Represent Borough

AT THE suggestion of Burgess Clifford L. Anderson, Robert W. Bracken Post No. 352, American Legion, has named two of its members who are going to attend the National Convention of the American Legion in Paris, as official representatives of this Borough to decorate the graves of the two Bristol boys whose bodies still remain beneath French soil.

Harry F. Burbank, chef de gare, Bucks County Vulture 929, 40 'n' S, post adjutant of the local post, and Bernard J. Murray are the two who have been named as the representatives. The idea is to appropriately decorate the graves of Bristol's two service men buried in France.

The representatives named by Bracken Post will also take a quantity of earth provided by the nearest of kin of Bernard McIlvaine and Angelo Angelilli.

The families of these men when interviewed, expressed keen pleasure with the action of the Burgess and the Bracken post members.

Bracken Post has provided, through the kindness of George Molden, a local undertaker, two highly polished mahogany boxes, 12x6x4, satin lined. The earth provided by the relatives of the two ex-service men will be placed in metal containers and then placed in these mahogany boxes. Each box has a bronze name plate suitably engraved with a Crucifix thereon. The earth will be placed by the Bristol Post representatives on the graves of the two ex-service men in France and a light portion of French soil will be placed in the boxes and brought back to the families of the two deceased soldiers.

TWO BUNGALOWS ARE
SET AFIRE; ONE RAZED

Woman, Quarter-Mile Away, Was First to See Blaze

LOSS PLACED AT \$1,800

Two bungalows were set on fire on the Parkland Road, Middletown Township, yesterday morning, the one burning to the ground.

The first blaze was discovered at a bungalow owned by Thomas Lawrence and a Mr. McCole, of Philadelphia, the fire being seen from a distance by Mrs. J. P. Irwin, whose home is in Hulmeville, about one-quarter mile from the burned structure.

A call was sent to the Hulmeville Fire Company, which immediately responded. The entire wooden structure, which was valued at \$1,800, was enveloped in flames when the firemen arrived. Chemical was pumped upon another bungalow next to the one destroyed, saving it from the flames which were shooting in all directions.

While the fire fighters were at work on these two houses, smoke was seen to issue from a third, three hundred feet from the first. This building was owned by the Blue Anchor Club, the members of which reside in Philadelphia.

Upon entering the Blue Anchor Club House it was found that oil had been poured upon the bed-clothing as well as upon the floors. In four places was oil found—upon the stairs, in the kitchen, and in two other down-stairs rooms. It was also seen that oil had been spread about the small upper floor. The blaze that had started was brought under control, and the damage was slight at this structure.

As far as could be learned the members of the Lawrence and McCole family had been in the bungalow on Sunday, and had not returned since leaving for Philadelphia that night. None of the neighbors had seen any members of the Blue Anchor Club about their place for the past two days.

An investigation was started by the Bucks County Firemen's Association, of which William Stackhouse, of Hulmeville, is marshal. Upon discovering that the second place had been set afire, the authorities concluded the first one had also, as no other cause could be found. The Lawrence bungalow contained quite a bit of furniture and bed-clothing. This was all destroyed.

LIBRARY TO CLOSE

The Bristol Free Library will be closed on Friday and Saturday evenings of this week and also on Monday, Labor Day.

THIRTEEN TEACHERS

"School Teachers' Month" At Marriage License Bureau In County

63 COUPLES APPLY

DOYLESTOWN, Sept. 1.—August proved to be "school teachers' month" at the marriage license bureau in the Clerk of Orphans' Court office at the Court House. Sixty-three couples were granted licenses to marry during the month, an increase of four over last August, and thirteen of the applicants were school teachers.

A remarkable increase in the number of persons who come from Philadelphia and from New Jersey to secure marriage licenses in Bucks County has been noticed in the last four months. Thirty-one of the applicants in August came from New Jersey, including nineteen from Trenton alone, while eighteen others came from Philadelphia. Five states, including Pennsylvania, New Jersey, New York, Ohio and Minnesota were represented on the docket in August.

Among the licenses granted in August, ten went to male applicants who had been married once before and four went to female applicants who secured their second license to wed.

Another unusual thing about the August report is that not one applicant from Doylestown applied for a license during the month. This is the first time in a number of years that Doylestown has not furnished at least one applicant.

One divorced man was only twenty-three. He is a Quakertown painter and secured his divorce less than two months ago. His new partner is twenty-three years old.

A license was granted to one couple in which the male applicant, fifty-five, married once before, secured a license to wed a young lady twenty-four, both being residents of Bethlehem.

Forty-five of the female applicants told the marriage license clerk they had occupations other than housework. Sixty-three of the applicants, or approximately fifty per cent, of the applicants were non-residents of Bucks County. The docket also showed that only two of the female applicants were older than their partners. Almost eight per cent of the applicants ranged in ages between 21 and 25 years.

Bristol led the county with sixteen applicants in August, while Morrisville came second with nine. The ages of the applicants grouped as to ages is as follows:

	Male	Female
Under 21 years	3	17
21 to 25 years	35	33
25 to 30 years	12	9
30 to 40 years	10	4
40 to 50 years	3	2
50 to 60 years	2	1
Over 60 years	1	0

The oldest applicant to secure a license in August was a man sixty-two, married once before, who secured a license to wed a woman fifty-six, the oldest female applicant in the list.

The youngest female applicant had just passed her fifteenth birthday. The ages of the applicants as they applied for licenses, with previous marriages marked with (*) is as follows: 21-29, 26-21, *39-37, 21-16, 23-18, 22-21, 27-18, 21-21, 23-22, *40-33, 22-20, 24-26, *27-24, 32-27, 22-21, 29-25, *38-36, 24-22, 34-21, 22-21, 21-15, 23-22, 23-20, 24-21, *62-56, 27-20, 24-18, 25-21, *34-24, 27-21, 27-18, 19-18, 23-19, *48-42, 23-22, *23-22, 26-18, 23-23, 21-21, 21-21, 21-17, 24-27, 22-21, 21-21, 36-23, 23-21, *56-24, 23-20, 22-21, 24-16, 32-18, *54-47, 20-17, 25-25, 28-16, 23-22, 36-35, 24-21, 23-20, 21-21, 21-21, 25-21, 45-29, 33-27, 24-23, 21-21, 24-23.

FIRST-AID CONTEST IS
ENTERED BY 68 TEAMS

Sixth International Contest Is Now Being Held In Pittsburgh

EVENTS THRUOUT STATE

By Carl L. Turner
(I. N. S. Staff Correspondent)

PITTSBURGH, Sept. 1.—Sixty-eight first aid and mine rescue teams from thirteen States assembled in Pittsburgh here today for the second day of the sixth international first-aid contest.

It was the greatest assemblage of crack life-saving teams on record, and several States considered it important enough to send State officials interested in mine safety methods.

First aid contests were held in the huge stadium yesterday, and today they were continued. Today experts conducted tests in explosions, one of the chief causes of disasters in bituminous mines.

Tomorrow the Carnegie Institute of Technology has arranged to sponsor tests in mine rescue work. Playing an important part in the spectacular tests will be the government owned and operated mine at Bruceton, maintained solely for experimental and scientific work.

Coal mines sent many of the participants, but scores of others came from metal mines and from quarries and oil producing companies interested in first aid and rescue operations. They came from Pennsylvania, Arizona, California, Colorado, Illinois, Indiana, Kentucky, Maryland, Louisiana, Montana, Utah, Virginia and West Virginia.

Only the best teams entered in the international contest, the entrants having won the right to attend by eliminating competitors in a field originally numbering 300 teams. Each year the international contest is held under the auspices of the U. S. Bureau of Mines, the national safety council, the Red Cross and various mine safety organizations.

As a fitting climax to the three-day session, Gov. John S. Fisher is expected to come here from Harrisburg to address the safety experts at a banquet Thursday night.

ARDMORE, Pa., Sept. 1 (I.N.S.)—Services commemorating the 140th anniversary of the founding of the school building of St. Paul's Lutheran Church, here, will be held next Sunday.

During the many years since the founding of the small church the congregation has outgrown its quarters four times.

The group is said to be one of the oldest Lutheran congregations in America. Among the cherished relics left by the early pioneers of the faith in this section is a pewter communion pitcher inscribed with the date 1728. Just how much further back the Lutherans lived in this district is indefinite.

PHILADELPHIA, Pa., Sept. 1 (I.N.S.)—Twenty-eight players seeking berths on the Frankford football eleven will report to Coach Charlie Moran on September 10. Seventeen of the men are newcomers to the fans of this city, many of them making their initial debut in the professional ranks. Eleven of them, however, have worn the colors of champions for more than one season.

The Yellow Jackets open their schedule with an exhibition contest with the Roses of the Eastern League at Atlantic City, September 18. The following Saturday the league lid will be lifted here with the final game taking place on September 10. The Jackets will make seven trips out of town.

POTTSTOWN, Pa., Sept. 1 (I.N.S.)—Automobile speed kings are already tuning up their racing cars for the special 25-mile Labor Day feature event over the Pottstown mile dirt speedway. A number of Philadelphia drivers including Tom Reed, noted pilot, are among those who have already tried out the fast dirt oval.

THURSDAY, SEPTEMBER 1, 1927

THEIR "FIRST PAPERS"

Out of the total of 25 aliens who applied for their "first papers" in the Court of Common Pleas at our county seat last week, eight were from Bristol.

These foreign-born residents have been living in Bucks County for the past several months, and in some cases for a few years, and are by this first step signifying that they are not only pleased with the United States and its laws, customs and modes of living as a whole, but with Bucks County as well.

Right here in Bristol they are being provided with a means of livelihood. Here they have found a work that keeps them contented, and one through which they are enabled to earn sufficient compensation to not only buy the necessities of life, but which affords them a few luxuries for themselves and families.

Not only are they satisfied with Bristol but by the time they have passed their tests, taken their oaths and are "full-fledged" citizens of this republic, they will undoubtedly have learned much more about their daily work, and will then be a helpful adjunct to the industries of the town.

In the group of eight Bristolians showing their desire to become United States citizens were: A machinist, two carpenters, a farmer, an airplane worker, a painter and a knitter. From many countries they came to our shores, each with different desires and hopes.

As they ply their trades here daily, they will have an opportunity to carry out their pledges and oaths which will be necessary for their transfer of allegiance—serving Uncle Sam in this community to the best of their ability. Let us as citizens assist these "citizens in the making" in every way possible, to the end that their ideals and aims will be of the highest. Thus Bristol and Uncle Sam will both benefit.

FARMERS' INCOME GROWS

The estimate of the federal farm loan commissioner that \$1,000,000,000 more will be realized by the farmers of the United States on their 1927 crops than on those of last year may or may not be close to the mark, but there can be no doubt that it is representative of a rapidly improving sentiment the country over regarding the position of agriculture and of an improvement in the agricultural situation itself.

It would be less than the truth to say that all is well with the farm. However, it is better off this year than last and better off this month than a month ago—which means the trend is in the right direction.

What corn growers will lose this year from the predicted short crop they will more than make up by the sharp rise in price. The wheat crop is a little less than last year but has the promise of a higher market. In the case of oats there is a bumper crop and a fair rise in price. The year holds great promise for the cotton growers, while hay, barley and potatoes are plentiful at good prices.

Given another year or two like the past two or three and the farmer will solve his own problems. Prosperous farmers and busy industries promise another year of prosperity for the United States.

An easy way to make a friend is tell someone he works too hard.

The main trouble with the girl of today is she refuses to act like the girl of yesterday.

What is a Diuretic?

One Can't Feel Well When Kidneys Act Sluggishly.

THE part played by the kidneys and their importance to bodily health should be clearly understood. Sluggish kidneys do not thoroughly cleanse the blood of poisonous wastes. Such impurities are apt to make one dull, tired and aching with often a nagging headache, drowsy headaches and dizziness. A common warning of imperfect kidney action is scanty or burning excretions. Doan's Pills aid the kidneys in their eliminative work. 50,000 users have publicly recommended Doan's. Ask your neighbor!

POST TOASTIES

—corn flakes that stay crisp in milk or cream

Cool milk and crisp Post Toasties!

Give the children all they want

Little eyes grow big with delight when they see these double-crisp and golden corn flakes. Little appetites ask for more when they taste the deliciousness of Post Toasties. Flaked from the tender hearts of corn, expertly seasoned, then toasted to a crisp oven-brown, Post Toasties are the corn flakes with the true delicate flavor of the corn.

Serve Post Toasties often with milk or cream. Try them, too, with fresh fruits and berries. Ask your grocer for Post Toasties, and make sure that you get the corn flakes that stay crisp in milk or cream. The real Post Toasties come in the red and yellow, wax-wrapped package that keeps them crisp and ready to serve.
